

BARACK HUSSEIN OBAMA

Will Move America to...

- ...**Force** Christian organizations to pay for abortions
- ...**Force** Christian schools to hire non-Christian teachers
- ...**Force** all states to permit same-sex "marriages"
- ...**Force** military chaplains to perform same-sex "marriages"
- ...**Force** doctors to assist homosexuals in buying surrogate babies
- ...**Force** employers to give illegal immigrants the jobs of U.S. citizens
- ...**Force** States to pay the college tuition of illegal immigrants' children
- ...**Force** courts to accept Islamic Sharia Law in domestic disputes
- ...**Force** police agencies to allow Muslim brotherhood to select staff
- ...**Force** local authorities to allow Occupy protestors to live in parks
- ...**Force** creation of a permanent government funded "underclass"

This is the true agenda of Barack Hussein Obama,

the only President in history who has deliberately removed the words "endowed by their Creator" when referring to our Declaration of Independence, not once, but several times. Barack Hussein Obama believes human rights come from government, not from God, and that he as President can take those rights away for the "social good."

vision for America on Election Day:
